Dear Bradley E. Angell-

Thank you for your patience, and thank you so much for your submission to the 22nd Santa Barbara International Film Festival. Because we had nearly 2500 entries, we were not able to fit all the wonderful films that we received into our schedule; we regret that we were unable to include 10 Years & 9 Days. Best of luck with it though, and I hope to see your future films.

Best wishes,

Mike "Tak" Takeuchi
